*a* Figures for the Primary Correspondence School and the number of teachers of vocational subjects and part time teachers were included for the first time in 1936 and 1938, respectively. The "number of scholars" refers to net enrolment.

*b* Prior to 1939 the "number of scholars" refers to aggregate enrolment, net enrolment not being available.

*c* Grammar Schools are Private Schools, which receive a Government subsidy.

*d* Prior to 1939 included figures for High School Sections of combined High Schools and Technical Colleges, which were also included in "State Schools." (See also note *a*.) Therefore, the figures for 1939 and later years are not comparable with those shown for previous years.

*e* The large decrease in average daily attendance in 1942 compared with 1941 was mainly due to certain schools being closed for part of the year on account of war conditions.

*f* Not available, as most of the students are part-time.

*g* Excluding teachers temporarily absent on war service.
